- Until the new residence document is issued, it is recommended to bring existing residence documents issued under EU-rules (“EU-registreringsbevis”/“EU-opholdskort”) when travelling to and from Denmark in order to prove a residence right beyond 90 days for the purpose of border checks.
- Frontier workers, who are working in Denmark, but living in another country when the transition period ends, must also apply for a document which proves their continued right to work in Denmark.
