

## ENHANCING YOUR UK IMMIGRATION EXPERIENCE

As a valued Newland Chase client, you now have access to the enhanced Immigo Next platform for UK immigration cases. This mobile-friendly system streamlines **Skilled Worker** and **Global Business Mobility – Senior or Specialist Worker** applications, helping both HR teams and applicants save time, reduce errors, and stay aligned with the latest Home Office requirements.

### Applicant experience

#### **A smoother journey for employees.**

Immigo Next makes it easier for applicants to provide information and track their cases from start to finish.

- **Mobile-friendly questionnaires and uploads** make it easier and faster to provide information
- **Clear, step-by-step to-do lists** to guide applicants through each stage of their case
- **Improved accuracy** through intuitive forms that only ask for necessary information
- **Greater transparency** with real-time progress updates and visibility into submitted and supporting documents

### HR experience

#### **Greater control and visibility for HR teams.**

With simplified initiation, intuitive dashboards, and built-in assurance checks, Immigo Next helps HR manage immigration programmes more effectively.

- **Enhanced OIQ (BF)** with only the most relevant questions (reduced from 61 down to 28 questions) for Skilled Worker and GBM cases
- **Dashboards and reporting tools** for visibility into cases, expiries, and billing
- **Real-time assurance** through an AI rules-based engine that supports consultant strategies and ensures cases reflect the latest Home Office requirements

## UK-specific enhancements

### Designed to meet UK compliance requirements.

Immigo Next strengthens UK immigration cases with built-in automation and quality checks that support both accuracy and compliance.

- **Automated completion** of selected documents (consultant support remains central)
- **Four-eyes quality check** using AI to strengthen compliance with Home Office requirements

## What this means for you

### Better outcomes for HR and applicants.

With Immigo Next, you and your employees will experience quicker response times, fewer errors, and smoother case lodgments.
